

Compliance Declaration Letter

RoHS Compliance Declaration: Our resin manufacturers [Chemours (Formerly DuPont), Daikin, Eastman, and Dow] have confirmed that the resins that we use for our products are compliant with all requirement and exemption set by the European RoHS 2: European Delegated Directive (EU) 2011/65. Furthermore, they assure us that DEHP, BBP, DBP, & DIBP phthalates are not intentionally used in manufacture of their resins, thereby stating that their resins are fully compliant with RoHS 2 amendment 2015/863. They declare that their resins do not contain these phthalates above the maximum concentration limit of 1000 ppm.

REACH Compliance Declaration (A15-169): Savillex declares that products manufactured by Savillex fully comply with the related requirements of European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH):

- 1: Under the structure of the REACH regulation, Savillex is a manufacturer of "ARTICLES" to our EU customers Savillex does not manufacture "substances" or "preparations" and our articles do not involve the "intentional release of substances." Accordingly, Savillex foresees no registration or pre-registration or authorization requirement for the products manufactured.
- 2: With regard to the requirements of article 33 of REACH: Duty to communicate information of substances in articles. Savillex declares that none of the SVHC's (the candidate list of Substances of Very High Concern) for authorization currently released by ECHA on the date of 05 November 2025 is present in Savillex products, manufactured by Savillex, in quantities totaling a concentration equal or above 0.1%.
- 3: With regard to the requirement of Article 67 of REACH: A substance on its own, in a mixture or in an article, for which Annex XVII contains a restriction, shall not be manufactured, placed on the market, or used unless it complies with the condition of that restriction. We declare that none of the substances in the condition of restriction are present in Savillex products.

As REACH regulation is updated frequently, for the major changes afterwards, such as the addition of SVHC substances in Annex XIV, the addition to restricted substances in Annex XVII, Savillex will evaluate and further revise and update this declaration to reflect those changes.

CA Prop 65: Savillex does not utilize any raw materials or manufacture any products containing materials listed on the CA Prop 65 hazardous materials listing dated 29 December 2023.

Toxic Substances Control Act (TSCA): Savillex does not utilize any raw materials or manufacture any products containing materials listed as hazardous on the TSCA Inventory dated 02/2024.

Persistent Organic Pollutants (POPs): Savillex does not utilize any raw materials or manufacture any products containing materials listed as hazardous on the POPs listing dated 17 November 2025.

TSE & BSE Declaration: Savillex does not manufacture the raw materials used in our production processes, but our resin suppliers have assured us that their resins are BSE and TSE free. Savillex therefore declares that the products we mold from these resins are free from Transmissible Spongiform Encephalopathy (TSE) and Bovine Spongiform Encephalopathy (BSE) as declared by our resin suppliers. Furthermore, the Savillex molding processes do not use any ingredient of animal origin. Savillex uses dedicated presses for manufacturing products and does not purposely use any additives or release agents in the manufacturing process.

Electronics & Mechanical Declaration: Savillex equipment and electronic componentry complies with 2014/30/EU EMC and 2014/35/EU LVD regulations, as well as 2006/42/EC Machinery regulations. Furthermore, the majority of componentry is CE marked to ensure compliance.

Further Declaration: Additionally, Savillex uses no additives, solvents, or other sources of potential elemental impurities or conflict minerals in the manufacturing process. Please note, however, that Savillex does not routinely analyze our products for substances not purposely added.

We declare that all the statements in this letter are true and accurate to the best of our knowledge at the time of submission. Savillex does not test the resin for the presence of any of the above-mentioned substances.

If you any questions or require further information regarding this declaration, please contact Savillex at info@savillex.com.
