SAVILLEX HIRES ERIC ISBERG AS VICE PRESIDENT, LIFE SCIENCES

Isberg, a 25 Year Veteran in Bioprocessing.

EDEN PRAIRIE, MN - April 10, 2019 – SavilleX announced that it hired Eric Isberg to lead its expansion into Life Sciences. Eric has over 25 years management experience in bioprocessing, predominantly in Single-Use-Systems (SUS), most recently as the Director of Life Sciences at Entegris, where he managed the SUS fluoropolymer bag business. Eric is on the board of the BPSA (Bio-Process Systems Alliance) where he is also the treasurer and will continue in those roles.

Minnesota, USA based SavilleX is a designer and manufacturer of advanced fluoropolymer products for the geochemistry, biopharma, environmental, semiconductor, chemical, and aerospace industries. “While SavilleX currently supplies PFA and FEP bottles and vials to the biopharma industry for bulk drug storage, we want to expand our biopharma business by utilizing our unique capabilities in fluoropolymer molding. Eric’s expertise and leadership will enable us to greatly strengthen our product offerings and we are very excited to have him join us,” said Don Potter, SavilleX’s Chief Commercial Officer.
